My health was failing, I felt sick all the time, and decided it was time to do something about it... I'm happy to report that my body weight dropped from 227 pounds down to 199 pounds, and my body fat percentage went from 27% down to 10%!

"This Can Be Done... Even After Having 4 Kids!"

I love how your program explains everything to the point, and doesn't confuse us with any fancy scientific lingo. All the tools are given - we just have to apply them. I started off at a plump size 16, and now fit comfortably into a size 4. My energy levels have increased, and I'm not afraid to wear tight-fitting clothes anymore. I'm so proud of what I've achieved!

"I Wasn't Even This Fit In High School!"

The strategies in your program are great. Nutrition really is 90% of the battle! Doesn't matter how much cardio you do if you aren't eating properly... I started at 175 pounds and am down to 112, and went from a size 14 to a size 4. I have way more energy and confidence... I used to get migraines all the time, but not anymore... People actually come up now and ask me for advice!

Dara Wiles

"I Feel Amazing... My Whole Life Has Changed..."

I was constantly fatigued, and was never in the mood to spend time outside with my boys like a father is supposed to. I started off with 25% body fat and weighed 242 pounds... I'm now at 10% body fat at a weight of 198! I even quit my job and started my own business... I'm now making 3x my previous salary because I finally have the energy to be a success!

"I'm Getting Noticed More By Guys Now!"

I was an athlete in high school, but once I went off to college my weight got out of control. I was sick and tired of being unhappy with my body... I just wanted to feel confident in a bikini again. I ended up slimming down from 176 pounds all the way down to 135! I now feel confident with myself... I love going out in public and dressing up, because I feel hot! I'm even getting noticed more by guys now...
